Before adjourning last Friday afternoon the grand jury returned the following indictments in addition to those rendered last week:

State vs. Ben Herreda, charge, burglary.

State vs. Emmett Tomlinson, charge, forgery and passing forged instruments.

State vs. ———, charge, burglary. Verdict.

State vs. W. R. Meredith, charge, embezzlement of money over \$50. Verdict entered into a bond of \$500.

State vs. H. J. Meyer, A. E. Harper and A. Brown as sureties and was discharged from custody.)

State vs. Manuel Contreras, charge, aggravated assault. Transferred to city court.

The clerk was ordered to issue warrants for \$5 to Isaac Wilson, H. C. and Louis Scherrer for services rendered in auditing the books of city.

Alma Rothe, to remove disabilities as minor, granted.

Hondo Boy Makes Good.

He is indebted to Louis T. Brucks, of Mr. and Mrs. L. J. Brucks for copy of the Quarterly Bulletin of the University of Dallas. The magazine is a beauty photographically and is filled with photographs and interesting reading matter.

Mr. Brucks is on the reportorial staff in the athletics department, and is furnishing some interesting items for that section. Louis is also on the staff and is a star on the basketball reserve team.

Louis was reared here and his many friends will be elated to learn that he is making good in all the educational and athletics of that splendid school.

The Philathea Class.

The Philathea Class was entertained at Mrs. G. W. Monkhouse on the afternoon of April 13. An interesting program was conducted by the president of the business of the Class was given to the class.

The hostess served delicious punch and cake at the conclusion of the lesson. The next meeting will be on Tuesday afternoon May 11, at 3:30 at the home of Mrs. J. G. Newton. The lesson for the time is the book of First Timothy.

REPORTER.

In a tenement district lived a family surrounded by filth and dirt. The whole atmosphere of the little room which they called "home" was one of hopeless depression and gloom. To prove the power of suggestion, a good woman placed on the table a miniature statue of the Venus of Milo. Against this grimy background of dirt and wretchedness, the Venus shone out in all her whiteness and purity, elevating and brightening her strange surroundings. The good woman called a week later and found that the place

had been cleaned up, the dirt had been washed away and a pathetic but sincere attempt at decoration had been made—the subtle influence was effective.

If the homes in a neighborhood become weather-beaten and shabby, values in the whole neighborhood deteriorate. But if some house-owner paints and brightens up his home, it radiates its attractiveness in every direction and soon the whole neighborhood is made bright and attractive.

Tenth Grade Meets Again.

The Juniors met at the home of Mr. and Mrs. Jack Fusselman, Wednesday evening of last week, with their nephew, Ernest.

Prof. Ransome, when he entered, tested the metal of the steel rod on which the electric light was fastened, but found, very much to the surprise of the Juniors, that the rod was a fraction harder than his head. He made several fruitless attempts, but it was all in vain, proving that steel was harder than even his head.

As soon as everybody had arrived that we thought was going to come, the program was opened by the president reading the ten commandments of the school room. Some of the select ones are as follows:

I. Love your teacher as yourself, but leave his wife alone.

II. Remember that date with the teacher after school and don't disappoint him.

III. Honor your teacher so you may influence him.

IV. On tests do not forget to help your neighbor as you would have your neighbor help you.

V. Thou shalt not borrow pencils, books or anything except knowledge.

Next the new freaks of foolishness appeared on the scene.

In the first act of this part of the program lemons were handed to all, but especially to the President, Prof. Ransome and the Press Reporter.

After this Prof. H. Decker (professor of the school of love) gave his opinion of the subject, after a close study of many years.

"Cap." Louis Carter and his beloved "Sir" Caughey Horger, who in this scene was forced to play the part of a girl, pulled off a touching love scene.

Senior Don Amos Rothe pulled off some more commandments.

After this, refreshments were served consisting of a big dish of ice cream and cake. The Janitor, Steve Filleman, promptly cleaned this up, being the only thing he was ever known to clean up.

The music ceased and Miss Nellie Wilson said she was tired, so we adjourned to meet again next Wednesday.

Methodist Church News.

The revival meeting that began at the Methodist church on the third Sunday in April closed with the Wednesday evening service. Rev. O. F. Hatfield, the pastor of the Methodist church at Pearsall, who led the services, did some excellent work by his preaching, personal efforts, and assisting in the song service. We feel sure that he carried away from Hondo not only the good will and loving remembrance of our Methodist folks, but of all the good people of the town. Visible results of the meetings were twenty conversions and eighteen additions to the Methodist church. Also a great uplift in spiritual fervor among Christians generally. We heartily thank all the people of other churches who co-operated with us.

Our communion service will be held next Sunday, on account of failing to observe it last Sunday, our regular day. May we not expect the entire membership of the church to be present on that occasion?—we mean, of course, those who are physically well enough. Also, we expect to give people an opportunity to join the church.

The service next Sunday morning will also have reference to Mothers' Day.

JOHN M. ALEXANDER, Pastor.

A WORD FROM THE WOMEN.

Say! ain't it funny what a lot of things men overlook.

They seem to feel we women never do a thing but cook.

They really think they run the house and everything that's in it.

But gee! they couldn't get along without us for a minute.

We women are the ones who keep the woodwork shining bright—

Who buy enamel for the bath to make it glistening white.

We women varnish tables and we buy the stains for chairs.

And we buy the proper colors to brighten up the stairs.

We women are the ones who say what paint goes on the halls—

Which shades for parlor and for den—for baseboards and for walls.

We women stain and wax the floors, or else we make the man.

We women are the ones who keep the whole town spic and span.

An Enterprising Architect.

We note with pleasure in an article in the South Western Architect & Builder of Dallas, Texas, April 1915, number, an extended notice of Mr. Ernest E. McAnelly, formerly of Devine, Texas, who has recently been selected architect to prepare plans, etc. of the new State Girls Training School at Gainesville, Texas, to cost \$100,000. Mr. McAnelly is a son of Mr. P. E. McAnelly of the lower Hondo section of Medina County, he was educated in the Devine High School under Prof. C. C. Harris, graduating in the Manual Training Department, then took Technical Training in the Troop Polytechnic Institute of Pasadena, Cal., then full university course in the Texas A. & M. College, receiving diploma in Architecture and engineering, conferring degree of Bachelor of Science. He became Architect for the Taft Corporation near Sinton, then located at Dallas in 1913. Among his last work being the Power House, Library, and two large dormitories for the Texas State Tuberculosis Sanatorium, and Industrial building for Texas State Orphan Home, lately was commissioned to prepare plans and specifications for \$100,000.00 worth of buildings for the new Girls Training School to be erected at Gainesville, Texas. He has just returned from an extended trip to Washington, Philadelphia, Cincinnati and other points North and East where he made a detailed study of existing training schools, to be used in the new plans.

Medina County is proud of Ernest and wishes him every success.

A FRIEND.

Men Who Vouch For This Car

Among the men who vouch for the HUDSON Six-40 are 12,000 men who bought it. Half of them—buyers of last season's model—have driven the car for two seasons.

Some are close by you. Consult them. And remember that 12,000 other men stand ready to confirm what they say.

Another man who vouches for the HUDSON is Howard E. Caffen, its famous designer.

He has spent four years on this model. He has spent 20 years in learning how to attain it.

This leading designer calls the HUDSON Light Six "My ideal of a car".

The other men who vouch for this HUDSON are the men who build it. They created the standards which this car exemplifies. And those standards have made the HUDSON Company the largest builders of cars above \$1,200.

Every point in this car will appeal to you. Beauty, finish and luxury appear at their maximum. Refinement cannot be carried further.

But the chief HUDSON advantage lies in its endorser. The Light Six is a new type and one wants to be sure of it. With it goes HUDSON service, which keeps the car at its best. You will always be glad that we urged you when you once join the HUDSON ranks.

HERBINE

Is the Remedy You Need.

It is an invigorating tonic for
a torpid liver. The first dose
brings improvement, a few days
use puts the liver in fine vigorous
condition. Herbine also extends
its restorative influence to
the stomach and bowels. It
helps digestion and food assimilation,
purifies the bowels and
brings back the habit of regular
daily bowel movements.
When the stomach, liver and
bowels are active, bilious impurities
no longer obstruct

TAX COLLECTOR

74 YEARS OLD

Expected to Resign on Account
of Feebleness—Gained
Strength and Twenty-four
Pounds by Taking Vinol.

Corinth, Miss.—"I am a city tax
collector and seventy-four years of age.
I was in a weak, run-down condition so
that I became exhausted by every little
exertion. My druggist told me about
Vinol, and I decided to take it. In a
week I noticed considerable improvement;
I continued its use and now I have
gained twenty pounds in weight,
and feel much stronger. I consider
Vinol a fine tonic to create strength for
old people."—J. A. PRICE, Corinth,
Miss.

As one grows old their organs act
more slowly and less effectively than in
youth, circulation is poor, the blood
gets thin, the appetite poor and digestion
weak. Vinol, our delicious cod liver
and iron tonic, is the ideal strengthener
and body builder for old folks because
it creates a good healthy appetite,
strengthens digestion, enriches the blood,
improves circulation and in this
natural manner builds up, strengthens
and invigorates feeble, run-down, nervous
and aged people, and if it does not do
all we say, we will pay back your
money.

HOUSE JOINT RESOLUTION NO. 1.

A joint resolution proposing an amendment to Section 2, of Article 6, of the Constitution of the State of Texas, by adding thereto a provision authorizing a qualified voter to vote for State officers, or on any proposition submitted to the voters of this State in a precinct other than the precinct of his residence under certain conditions, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 6, of the Constitution of the State of Texas be so amended as to hereafter read as follows:

Sec. 2. Every male person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and be a citizen of this State, and who shall have resided in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector, and every male person of foreign birth, subject to none of the foregoing disqualifications, who shall have become a citizen of the United States in accordance with the Federal naturalization laws, and shall have resided in this State one year next preceding such election and the last six months in the county in which he offers to vote, shall also be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and providing further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he offers to vote at any election in this State, and holds a receipt showing his poll tax paid before the first day of February next preceding such election. Or, if said voter shall have lost or misplaced said tax receipt, he shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. If any qualified voter in this State shall have personally paid his poll tax in the county and precinct of his residence, or secured an exemption certificate showing that he is exempt from paying a poll tax, he shall be permitted to vote in the county in which he may be on election day on any proposition which may have been submitted to the voters of the entire State, and for any office to be filled by the voters of either branch of the Legislature and Congress and judicial officials; provided, no voter shall vote for members of either branch of the Legislature, Congress, or judicial officials outside of the legislative, congressional or judicial district of such voter's residence, and nothing herein shall permit a voter to vote at any place other than his residence, if he be within the county of his residence on election day. Any person offering to vote in any county other than the county of his residence shall deliver to the election managers his poll tax receipt or exemption certificate, who shall retain same until the following day, and then mail same to the person depositing same to any address he may name, and in addition to depositing the poll tax receipt or exemption certificate, such person so offering to vote shall make an affidavit:

(1) That he is absent from home, and it will be impossible for him to return to the precinct of his residence in time to vote; (2) that he has not voted at any other election precinct on that day, and will not offer to vote at any other precinct in this State; (3) that he personally paid his poll tax within the time provided by law, or personally secured the certificate of his exemption from the payment of a poll tax.

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in July, 1915, the same being the twenty-fourth day of July, 1915, and the Governor of this State is hereby directed to issue the necessary proclamation for said election, and to have same published, as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions." Those opposing the amendment shall have written or printed on their ballots the words: "Against amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions."

Sec. 4. No Legislation shall be necessary to put into effect this article of the Constitution, but when adopted same shall be self-enacting.

Sec. 5. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated, to defray the expenses of such Proclamation, publication and election.

JOHN G. McKAY,
Secretary of State.

SENATE JOINT RESOLUTION NO. 3.

A proposed amendment to the Constitution of the State of Texas, amending Article 5, Section 2, of the Constitution of said State, so as to provide that the Supreme Court of this State shall consist of a Chief Justice and four Associate Justices, describe their qualifications, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 5 of the Constitution of the State of Texas be so amended so as to hereafter read as follows:

Sec. 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State, and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall each receive an annual salary of five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall, when elected, hold said office for four years, and one of whom, when elected, shall hold said office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not said Constitution amendments will be adopted, and have the same published, as required by the Constitution and the laws of this State. Said election shall be held on the fourth Saturday in July, 1915, and the sum of five thousand dollars (\$5,000.00), or so much thereof as necessary, is hereby appropriated from any fund in the State treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

HOUSE JOINT RESOLUTION NO. 4.

A joint resolution of the Legislature of the State of Texas proposing and submitting to a vote of the people of Texas an amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the one hundred dollars valuation of property in any county, subdivision or subdivisions, or defined district thereof, when same has been authorized by a majority of the qualified electors voting at an election held for that purpose, and making an appropriation for carrying out the provisions of this resolution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 9, Article 8, of the Constitution of the State of Texas be amended so as to hereafter read as follows, to-wit:

Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed thirty-five cents on the one hundred dollars valuation; and no county, city or town shall levy more than twenty-five cents for city or county purposes, and not exceeding fifteen cents for roads and bridges, and not exceeding fifteen cents to pay jurors, on the one hundred dollars valuation, except for the payment of debts incurred prior to the adoption of the amendment, September 25, 1883; and for the erection of public buildings, streets, sewers, water works and other permanent improvements, not to exceed one dollar on the one hundred dollars valuation in any one year, and except as is in this Constitution otherwise provided; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further building and maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county, or of any political subdivision or subdivisions of the county, or of any defined district now or hereafter to be described and defined within any county, who have been assessed a property tax and paid said tax for the next year prior to the time he offers to vote, voting at an election held for that purpose, shall vote such tax, not to exceed fifty cents on the one hundred dollars valuation of property subject to taxation in such county, political subdivision or subdivisions, or defined district or districts. And the Legislature may pass local laws for the maintenance of the local roads and highways, without the local notice required for special or local laws.

Sec. 2. The foregoing amendment to Section 9, Article 8, of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at an election to be held on the fourth Saturday in the month of July, 1915. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the one hundred dollars valuation of property in any county, subdivision or subdivisions, or defined district thereof, when same has been authorized by a majority of the qualified electors at an election held for that purpose." Those voting against its adoption shall have written or printed on their ballots the following: "Against amendment to Section 9, Article 8, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the one hundred dollars valuation of property in any county, subdivision or subdivisions, or defined district thereof, when same has been authorized by a majority of the qualified electors at an election held for that purpose."

HOUSE JOINT RESOLUTION NO. 5.

A joint resolution of the Legislature of the State of Texas proposing and submitting to a vote of the people of Texas an amendment to Section 3b, Article 7, of the Constitution, authorizing the levy and collection of a special road tax not to exceed fifty cents on the one hundred dollars valuation of property in any county, subdivision or subdivisions, or defined district thereof, when same has been authorized by a majority of the qualified electors at an election held for that purpose, and making an appropriation for carrying out the provisions of this resolution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as section 3b, which shall read and be as follows, to-wit:

Sec. 3b. The Commissioners' Court of each county in this State shall have the power, and is hereby authorized, when a majority of the qualified voters of such county shall vote to create such fund, to create a fund to be known as a "Students' Loan Fund," for the purpose of enabling students of the public free schools of said county to borrow money to be used in their education for the purpose of graduating from the county public schools, and after graduation to continue their education in any higher State institution of learning, such fund to be created and administered by the Commissioners' Court of each county as may be provided by law.

Sec. 2. And the Legislature may authorize an additional ad valorem tax to be levied and collected within said county for the purpose of raising said students' loan fund, said tax not to exceed in any one year twenty cents (20c) on the one hundred dollars (\$100.00) valuation of the property, subject to taxation in each county; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such tax. Provided, that if the tax is adopted, after it has been enforced for two years, an election may be held, on the order of the Commissioners' Court to determine whether or not said tax shall be repealed; and provided, further, that it shall be the duty of the Commissioners' Court to order such election upon a petition so to do by twenty-five per cent of the qualified tax paying voters of the county.

Sec. 3. The Legislature shall pass the necessary laws carrying into effect this provision of the Constitution.

Sec. 4. That the above and foregoing proposed amendment shall be duly published once a week for four weeks, commencing at least three (3) months before a special election to be held for the purpose of voting upon such proposed amendment, on the fourth Saturday in July, 1915, in one weekly newspaper of each county in the State of Texas, in which such newspaper may be published. And the Governor shall, and he is hereby directed, to issue the necessary proclamation for the submission of this proposed amendment to the qualified electors for members of the Legislature. At such election shall have written or printed on their ballots the words, "For the Amendment to Section 3, of Article 7, of the Constitution, adding thereto Section 3b, authorizing the levy and collection of a special road tax not to exceed fifty cents on the one hundred dollars valuation, except for the payment of debts incurred prior to the adoption of the amendment, September 25, 1883; and for the erection of public buildings, streets, sewers, water works and other permanent improvements, not to exceed one dollar on the one hundred dollars valuation in any one year, and except as is in this Constitution otherwise provided; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further building and maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county, or of any political subdivision or subdivisions of the county, or of any defined district now or hereafter to be described and defined within any county, who have been assessed a property tax and paid said tax for the next year prior to the time he offers to vote, voting at an election held for that purpose, shall vote such tax, not to exceed fifty cents on the one hundred dollars valuation of property subject to taxation in such county, political subdivision or subdivisions, or defined district or districts. And the Legislature may pass local laws for the maintenance of the local roads and highways, without the local notice required for special or local laws."

Sec. 5. That \$5,000.00, or as much thereof as may be necessary, be and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to defray the expenses of advertising and holding the election provided for above.

JOHN G. McKAY,
Secretary of State.

SENATE JOINT RESOLUTION NO. 18.

A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Section 52, of Article 3, of the Constitution, authorizing the issuance of bonds for public improvements, and levying of a tax to pay the interest and sinking fund on same, and for maintenance.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 52, of Article 3, of the Constitution of the State of Texas be amended so as to hereafter read as follows, to-wit:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts they may incur, or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory; except that the

total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution; and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.

(c) The construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof.

Provided, however, that under legislative enactment any defined district now or hereafter to be described and defined within the State of Texas, which may be formed for the purpose of reclaiming and improving overflowed and swamp lands in this State, and maintaining the improvements thereof, may, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory, in addition to all other debts, issue bonds or otherwise lend its credit in any amount not to exceed fifty per cent of the assessed valuation of the real property in such district or territory.

Provided, further, that where a county, district or other political subdivision has issued bonds for improvements for the purposes named in this section, the Legislature may authorize the levy and collection of taxes for the maintenance of such improvements, not to exceed fifty cents on the hundred dollars valuation in any one year.

Sec. 2. The foregoing amendment of Section 52, of Article 3, of the Constitution of Texas, shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the fourth Saturday in July, A. D. 1915, the same being the day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment of Section 52, of Article 3, of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other public improvements, and for taxes therefor." Those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment of Section 52, of Article 3, of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other improvements, and for taxes therefor."

Previous to the election the Secretary of State shall cause to be printed and forwarded to the county judge of each county, for use in said election, a sufficient number of ballots for the use of the voters in each county, on which he shall have printed the form of ballot herein prescribed, for the convenient use of voters.

Sec. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.

JOHN G. McKAY,
Secretary of State.

HOUSE JOINT RESOLUTION NO. 34.

A Joint resolution proposing an amendment to Article 7, Sections 19, 11, 12, 14, 14 and 15 of the Constitution of the State of Texas, providing for the establishment and separate maintenance of the University of Texas and fixing its permanent location in Travis County; providing for the permanent location of the medical branch of the University of Texas in Galveston County; providing for the establishment and maintenance of the Agricultural and Mechanical College of Texas as an independent college, and providing for its permanent location in Brazos County; providing for the establishment and separate maintenance of the College of Industrial Arts and fixing its permanent location in Denton County; authorizing the establishment of junior agricultural college subsidiary to and under the government of the Agricultural and Mechanical College Board; establishing the Prairie View State Normal and Industrial College, and declaring it a branch of the Agricultural and Mechanical College, and fixing its permanent location at Prairie View, in Waller County, making an equitable division of the State permanent endowment fund between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College; making an appropriation to defray the expenses of advertising the Governor's proclamation and submitting same to a vote of the people.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 16, 11, 12, 14 and 15, Article 7, of the Constitution of Texas, be amended so as to hereafter read as follows:

Section 16. The University of Texas is hereby established and permanently located in Travis County, and shall be a university of the first class. The Legislature shall provide for its organization and for its development, maintenance and permanent improvement, and shall make by appropriation and otherwise such provision as may be necessary for the promotion of literature and the arts and sciences, pure and applied, in a university of the first class. The affairs of the University of Texas shall be administered by its own governing board as provided by law. The present members

of the board shall continue in office until the expiration of their respective terms. The location herein made of the University of Texas shall in no way affect the location of the medical branch thereof situated in Galveston County.

Sec. 11. All lands and other property granted by the Republic of State of Texas to the University of Texas, or the University of Texas and its branches, except the lands transferred by Section 13 of this Article to the Agricultural and Mechanical College of Texas, and to the Prairie View State Normal and Industrial College, shall, together with the proceeds of the sale of such lands, constitute the permanent university fund. All the income derived therefrom shall be the available fund, and shall be applied to the support and development of the University of Texas and to meet its obligations. The proceeds from the sale of university lands shall be invested as authorized by law for the investment of the permanent school fund. The one-tenth of the alternate sections of lands granted to railroads, reserved by the State, which was set apart and appropriated to the establishment of the University of Texas by an act of the Legislature of February 11, 1858, entitled "An Act to establish the University of Texas" shall not be included in or constitute a part of the permanent university fund.

Sec. 12. The Agricultural and Mechanical College of Texas is hereby established and permanently located in Brazos County and separated from the University of Texas and constituted an independent college. The Legislature shall provide for the organization of said college and for its development, maintenance and permanent improvement, shall make by appropriation and otherwise such provision as may be necessary to accomplish the purpose of said institution, which, without excluding classical and cultural studies, shall be to teach and develop those branches of learning which relate to agriculture and the natural sciences connected therewith, the various branches of engineering, the mechanical arts and military sciences and tactics. The affairs of the Agricultural and Mechanical College shall be administered by its own governing board as provided by law. The present members of the board shall continue in office until the expiration of their respective terms. The Prairie View State Normal and Industrial College for Colored Youths is hereby established and its government and control shall continue under the governing board of the Agricultural and Mechanical College of Texas. Provided the Legislature may establish junior agricultural colleges subsidiary to the Agricultural and Mechanical College of Texas.

Sec. 13. Of the land heretofore set apart to the University and to the University and its branches by the State of Texas, and remaining unsold, there are hereby transferred to and made a part of the permanent fund of the Agricultural and Mechanical College of Texas six hundred thousand acres of land of average value; there are hereby transferred as a permanent fund to the Prairie View State Normal and Industrial College one hundred and fifty thousand acres of land of average value; and all of the remainder of the said land shall constitute a part of the permanent fund of the University of Texas. The Legislature shall provide for the division of the land as specified herein. The land herein set apart to the University, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College may be sold under such regulations, at such times and on such terms as may be prescribed by law. The Legislature shall provide for the prompt collection at maturity of all debts due on account of the sale of said lands, and in no event shall any relief be granted to any purchaser.

Sec. 14. All lands and other property heretofore granted or herein granted to the Agricultural and Mechanical College, together with the proceeds of the sale of such lands, shall constitute its permanent fund. All the income derived therefrom shall be the available fund and shall be applied to the support and development of the Agricultural and Mechanical College and to meet its obligations. The proceeds from the sale of the Agricultural and Mechanical College lands shall be invested as authorized by law for the investment of the permanent school fund.

Sec. 15. The College of Industrial Arts for White Girls located at Denton, in Denton County, Texas, is hereby established and recognized as an independent college, and the Legislature shall provide for its organization, maintenance, development and permanent improvement and shall make, by appropriation and otherwise, such provision in addition to that heretofore made as may be necessary for the establishment and maintenance of a first class college, for the education of white girls in the literary branches, the arts and sciences and the practical industries of the age. The college shall have its own governing board which shall designate the officers of administration and instruction, and other employees, determine their salaries, establish departments, subdivisions, libraries and laboratories and other agencies of education consistent with the objects of the college and perform such other duties as the Legislature may prescribe.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation and have same published as required by the Constitution and the laws of this State. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated to defray the expenses of publishing said proclamation and the expenses of submitting this resolution to a vote of the people.

One of the best base ball games that has been pulled off in Hondo for many months occurred on College Square last Saturday evening when a juvenile nine from D'Hanis crossed bats with the juveniles of Hondo. For seven innings these diamond stars of the future battled "boyfully" for mastery, but at the end of the seventh inning when the game was called, the tally sheet showed a tie—3 and 3. Those who witnessed the game pronounced it one of the cleanest exhibitions of the national game ever played on the local diamond. The fielding, battery work and base running was excellent and the game was much enjoyed by all who witnessed it. It is probable another game will be played between these two teams before the members grow much taller than a base ball bat.

While the weather has been somewhat threatening the past week but little rain has fallen in this immediate section. An electric storm Tuesday evening, during which Toby Koch had the misfortune to lose two mules by lightning, caused a light rainfall, while another electric storm Thursday night caused a light precipitation. Farmers are hopeful that we will now have a period of clear weather as crops are needing attention and oats harvesting is new near at hand.

"Sheep raising does not seem to have been started in Kleberg county, but would be profitable as sheep can consume the weeds and be kept at small expense and yield the farmer mutton and wool.

"I will now come to the question of marketing. Very often there have been losses in shipments on produce due to improper packing, not standardizing packages or not packing them so that they will reach the market in good condition.

"The commercial club is doing a good work by means of its bulletins to facilitate local marketing. The same thing is being done on a larger scale by the Marketing Bureau of the Department of Agriculture—which sends out experts to help organize local Farmers Institutes which inform the department of products for sale, and products wanted, which is published in a bi-monthly bulletin, and reaches all similar organizations and also many of the large commission houses, thus putting producers and consumers in touch with each other. This is done at no expense to the farmer. The Department is maintained by State funds, and seeks to help the farmer."

Mr. Davis was greatly applauded by the entire audience, after which the chairman, Father Hoellmann, suggested that the meeting proceed at once to business and discuss the organization of such a Farmers' Institute to act in conjunction with the State Department of Agriculture.

After some discussion it was decided to convert the present "Farmers Co-operative Association" into such an institute, under the same constitution and by-laws, retaining the present officers and electing thereto, as provided by the Department of Agriculture, an Entomologist. Mr. Alot Huff was unanimously elected to this office.

After several delightful selections of vocal music by Mrs. Flewellen accompanied by Prof. Beck on the violin, the chairman then introduced Mrs. Barrett, also of the Department of Agriculture, who spoke on "Home Economics." She outlined the plan of the "Home Project Work" for children, according to which children are to be given credit in their school for the work they do at home, about the house, or on the farm. The object of this is to increase the child's interest in, and to show the importance of such work, and also to teach it how to better do this work. She told of the plan to give the child a greater love for the farm, of the generous prizes offered to winners in contests of the corn, pig, baby beef and peanut clubs. She told of one twelve year old boy who won the corn club contest in North Carolina and made a new world's record by raising 227 3-4 bushels of corn on one acre, and of the Texas winners who raised 128 bushels to the acre, showing what can be done by correct and intensive cultivation. Mrs. Barrett was well applauded, especially by the women and children to whom she had appealed most directly.

Mr. Walter Jersig then spoke of the work of the commercial club and what it was further trying to do to help the farmer. He again called upon the farmers to fill out the census cards he had sent them and mail them to the commercial club in Kingsville.

Mr. Jersig was long and enthusiastically applauded, showing how the farmers appreciate the good work he is doing.

After several more selections of music the meeting then ad-

journal.

Such meetings are of great interest and benefit to the farmers as well as to the townspeople. The added attraction of such good music makes them also, thoroughly enjoyable and relieves any monotony or strain of attending only to business. It is hoped that they will continue to be held frequently, especially since when music is promised a good attendance is assured.

In the afternoon a meeting was held for the women and children at which Mrs. Barrett spoke on topics of especial interest to them, at which a good crowd was also present.

This is but another example of all that is being done to help along the farmer of Kleberg county, by the Federal and State Departments of Agriculture, and by the Kleberg County Commercial Club.—Kingsville Record.

A Modern Nursery Rhyme.

Baby, by
Here's a fly!
Let us kill him, you and I,
Ere he crawls
Up the walls,
And dire ill befalls.
I believe on those six legs
Are a billion typhoid eggs!
There he goes
On his toes,
Tickling baby's nose!
Now we must run right away
For the antiseptic spray,
To sterilize
Where the fly's
Little microbes stray!
Only think, 'neath his two wings
Lurk all sorts of hard-named things!
Every fly
Fresh supply
Of these horrors brings!
So we have to analyze,
Neutralize and immunize,
Vaporize,
Sterilize,
Just to fight the flies!

Prof. Carl Beck and Mrs. Flewellen were carried along to furnish the musical entertainment. The speakers of the evening were to be W. F. Kahlden and Secretary Jersig, but the arrival of Fletcher Davis and Mrs. Barrett from the Department of Agriculture.

ture at Austin, changed the program somewhat and they were given the privilege of the floor.

Rev. J. J. Hoellman in a very interesting speech then introduced Mr. Fletcher Davis of the State Department of Agriculture.

Mr. Davis said that he had come here to preach diversification, but that he had found it already practiced here, more so than any place in the whole state of Texas, which he had visited. He said, in part, "I have seen here more diversification, more well-bred dairy cows, more good hogs, more good chickens and home gardens than ever before in one day. I am telling you this not merely to flatter you but because it is a fact. I have driven about here all day among the farmers, and I know whereof I speak."

"There are two ways of making a living on the farm. One is to raise one crop and sell it, and buy all the necessities of life. The other is to raise as many of the feed-stuffs on the farm and sell only the surplus. The latter is much more economical, and therefore more profitable. One of the troubles with Texas farmers has been that they live on canned goods, which they might just as well raise themselves at an immense saving. Texas imports millions of dollars worth of canned goods, pork, beans, and even eggs, which it is just now finding out it can produce at home. The home garden can be made to produce 50 per cent of the living expense. I have seen how many farmers are making it do that here."

"Next to the home garden, the growing of grain is of great importance. Corn can be raised so successfully here, and has the advantage of coming on the market very early, at a time when it commands the very best of prices."

"I am glad to see how many of you are raising dairy cows—and such good quality of cows. There is no more profitable animal than a good dairy cow—the kind that will give a maximum of butter fat on a minimum of feed."

"Hog raising is a natural corollary of dairying, for the skimmed milk can be turned into pork,

No Aches or Pains Peruna Did It for Me.

"I find Peruna an excellent spring and summer medicine and am glad to call the attention of my friends to it. I know by experience that Peruna is a good medicine, and always recommend it whenever I have an opportunity. I can truthfully say that I have no traces of my old complaint, and have neither ache nor pain, and enjoy life. Words cannot express my appreciation for the good Peruna has done me."

PERUNA THE SPRING AND SUMMER MEDICINE.

"I used to get cramps in my stomach. I had sick headaches. My stomach nearly killed me. My family physician only gave me temporary relief. I got out of patience and had given up all hopes of recovery. I then wrote to Dr. Hartman and he advised me to take Peruna. I got a bottle of Peruna and commenced using it. Soon got better and am now entirely cured and feel like a new woman. Peruna is my comfort. I will never be without it." Mrs. Thomas M. Morgan, R. F. D. 2, Wadsworth, Ohio.

Farmers' Institute Organized.

Kingsville, Tex., April 16.—A farmers' institute was organized at Vattmanville, a progressive German settlement in Kleberg county, by Mrs. E. M. Barrett and Fletcher Davis, field agents of the State Department of Agriculture, spoke at the public school here Monday afternoon and to a mass meeting of citizens at the opera house in the evening. At the latter meeting a Farmers' Institute was organized with nearly forty members. The following officers were elected: J. G. Toland, president; E. G. Wilber, vice president; Miss Nellie Barden, secretary, and Edgar Thomas, entomologist.

Woodsboro is in a magnificent farming country, but agriculture is in its infancy and farmers have not awakened to the possibilities of this section, and were deeply interested in diversification on the farm and agricultural and domestic science courses in the public schools as advocated by the speakers.—San Antonio Express.

Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." He Removed the Danger Signal

"I suffered a long time with a very weak back," writes Fred Smith, 325 Main St., Green Bay, Wis. "A few boxes of Foley Kidney Pills completely relieved me of all soreness and pain in the back, and now I am as strong and well as ever."
One cannot help becoming nervous and feeling tired and worn out when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments.
Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often followed by rheumatism, annoying bladder or urinary disorders, puffy swellings under the eyes, swollen ankles and painful joints.
Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their functions the poisonous waste matter is eliminated from the system.

White Man With Black Liver.

The Liver is a blood purifier. It was thought at one time it was the seat of passions. The trouble with most people is that their Liver becomes black because of impurities in the blood due to bad physical states, causing Biliousness, Headache, Dizziness and Constipation. Dr. King's New Life Pills will clean up the Liver and give you new life. 25¢ at your Druggist.

Derivation Explained.

Inkblotz—It may have been a get-together place for absconding American bankers in the early days.—Youngstown Telegram.

Waste of Time.

"Fellie tells me that she wants to go out into the world and do something for humanity."
"Has she any plans?"
"None of any practical value. She wants to distribute soap among newsboys."

"What do you think of the location they have selected for the new railroad terminal, Mrs. Nurich?"
"I haven't given much thought to it, but I heard my husband say it's a perfect sight."—Buffalo Express.

Infection in the Air.

Medical authorities agree that colds are infectious. In some cities children with colds are barred from schools. Spring's changing weather brings many colds. The quickest and safe way to stop colds, coughs and croup is to give Foley's Honey and Tar Compound. W. H. Windrow, Hondo; Louis Carle, D'Hanis.

Curiosity of History.

A lady one day remarked to Pulver Lytton how odd it was that a dove (Latin, columbe) should have been sent out to find the Old World, and Columbus (Columbe) should have found the new.
"Yes," agreed the novelist; "but more curious still is the fact that one came from Noah and the other from Venoa!"

Man Takes His Own Medicine Is an Optimist.

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.

When Fletcher Davis of the State Department of Agriculture came to Kleberg county to preach the doctrine of diversification, in a speech he made, said that he had come to Newcastle with coal—that he had learned where he expected to teach, and that he would carry away with him as an example to show to the rest of Texas, Kleberg county—"the finest example of diversification I have ever seen."—Kingsville Record.

"Slowed up" at Middle Age.

The hard working kidneys seem to require aid sooner than other internal organs. COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of Tartar, derived from grapes,
- (2) Alum, a mineral acid, and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities as exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white powder. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the ingredients printed on the label and know what she is using.

Farmers' Institute Organized.

Mr. Fletcher Davis and Mrs. E. M. Barrett, Field agents of the State Department of Agriculture, were prominent visitors to Goliad last week and succeeded in organizing a County Farmers' Institute. Judge W. O. Dickerson of Charco was appointed president; Douglas Boyd of Fannin, vice-president; W. E. Britton, secretary and W. C. Collier, Entomologist. The above mentioned gentlemen, together with Mr. Carl Collier, are supplied with membership blanks and every man and woman in the county who has the agricultural welfare of the county at heart is invited to see one of the above mentioned gentlemen and enroll as a member.

Mr. Davis states that there will be a meeting of the State Farmers' Institute held at Austin July 27, 28 and 29 and that each farmers' institute is entitled to one delegate at large and one for each 25, or majority fraction members, and that these delegates will be furnished with free transportation to Austin and return for this meeting by making proper application through the institute to the commissioner of agriculture for the same and he hopes to meet a large and enthusiastic delegation from Goliad county. —Goliad Guard.

T. B. C. Meeting.

A most delightful afternoon was spent by the T. B. C. girls at the home of Bessie Mae Chaney. It seemed so good for a crowd to collect and the rainy weather not to be discussed, but the girls had more important topics than the weather, although they did speak of "showers".

"Dan Cupid" sent the girls a large box of sweet-peas, roses and carnations, intermingled with ferns.

While most of us girls are not much acquainted with "Old Dan" it seems that those who do know him like him very much, and his flowers and secrets are lovely—also that he is working his way into our girls' club. He is a poet among poets and 'twas the poem found in the bed of flowers that set us all in a whirl of excitement and everyone talked at once but nobody heard. CONTRIBUTED.

Mercer-Whitehead.

A wedding of unusual interest and which was a surprise to many people, occurred in Dallas Wednesday, when Henry A. Mercer of this town and Miss Beulah Whitehead of Chester were united in the holy bonds of matrimony.

The bride and groom have resided here for several years and are well and favorably known. They returned to Hondo Thursday night and will reside here.

The Anvil Herald takes great pleasure in extending congratulations and well wishes to the happy young couple.

Ought to Paint.

I ought to have painted last year, but I hated to pay \$2 a gallon.

I've got to paint this year; it'll take a little more paint; I suppose 1 gallon in 10; and a little more work, I suppose 1 day in 10.

My job would have cost last year about \$50; it is going to cost this year \$55.

\$5 gone. I suppose it'll be the same again, if I wait again.

What if paint goes down to \$1.75 a gallon? \$2.50 on the job!

I shan't wait; what a fool I was!

Grand Jury Report.

Previous to their adjournment last Friday afternoon, the Grand Jury presented the following report to the court:

Hondo, Texas, April 30, 1915. To the Hon. H. E. Haas, Special Judge of the District Court, Medina County, Texas, Spring Term, A. D. 1915:

We, your Grand Jury, beg leave to report that we have finished our labors, and therefore request that we be discharged.

We have inquired into all matters that were brought to our attention, and reported bills of indictment in all cases where we considered the evidence was sufficient.

An examination of the report of the Finance Committee discloses the fact that various of the Justices of the Peace have failed to make their quarterly reports as required by law. Our investigations have proven that this is the case, and we find that several of the Justices of the Peace, some of them in the larger and important precincts, have failed to make quarterly reports. The same is true of the reports which the Justices of the Peace are required to make to the Grand Jury. These reports have not been made to us. While this is a violation of the law, we decided not to return bills of indictment against these defaulting Justices of the Peace, but preferred to adopt this method of calling attention to the matter, with the recommendation that future Grand Juries take proper action in the event this default continues.

We have inspected the jail and find that it is not in as sanitary a condition as it should be, and therefore recommend to the proper authorities that this be attended to at once and the jail be kept in a more sanitary condition. We also recommend that the prisoners be given dried or fresh fruit with their meals occasionally, as this will induce better health during the confinement.

We believe that the compensation paid the sheriff is inadequate in proportion to the services expected of him, and recommend that the Commissioners' Court investigate the question as to whether an increase of salary can be allowed him according to law.

Fritz Frenicks,

Foreman of the Grand Jury.

Yancey News.

When we sent in our last week's budget of news we were in the midst of our commencement exercises and at this time school has finally closed after a very successful term. On Sunday, Dr. Hill of San Antonio, preached a sermon which will be long remembered by everybody who was fortunate to hear the same. Monday night was the declamation contest, which was ally delivered bringing forth the talent of Yancey High School. Prizes were awarded to first, while second only received honors. Prizes were won by Misses Alma Bandy, Nola Wood and Emma Ward, Deshay McAnelly and Charlie Hardt won the boys prize.

Tuesday night the graduation exercises brought the commencement to a close. Miss Abbie Mae Williams made the salutatory address, which was followed by "The last will and Testament of Yancey High School Graduates", read by Miss Elsie Mueller.

"Yancey Daily News" of which Henry Hardt was proprietor and publisher, was read to the audience and brought forth much merriment and laughter. Music, both vocal and instrumental, was rendered at intervals by the faculty and graduates.

Miss Alma Bandy rendered the valedictory after which the speaker of the evening, Dr. Bishop of Georgetown, addressed the audience in a very instructive and eloquent manner, which was thoroughly enjoyed by all who were present. Yancey considers herself fortunate to have such able speakers to come and bring instructive messages to her folks.

Prof. Peterson and family of Hondo attended the exercises, also several other teachers whose names we failed to learn.

Wednesday morning our corps of teachers departed for their respective homes. We shall miss them from our midst in the future.

B. C. Wiemers and family visited relatives in Yancey last week, also Rev. J. H. Bohmfalk of Leakey.

Mesdames N. W. Ward and M. T. Ward visited Dilley and Pearsall Saturday and Sunday.

Mr. and Mrs. A. G. Oefinger went to Poteet on business and pleasure. They were accompanied by Miss Annie Eichman, who had been visiting here for several days.

Grandma Fasel visited relatives at Poteet this week.

R. R. McAnelly of Waco is spending a few days at his boyhood home. Yancey, May 5, 1915.

The Famous Collie In "Runaway June" Entertains Himself

DONNIE, RELIANCE-MUTUAL PET, A STAR DOG.

Donnie, who goes under the name of Banooer in "Runaway June," not only is a star dog, but he is a dog star, without relation to heavenly bodies (though there are enough human stars and comets and meteors in the cast of famous "Runaway June" to start many a heavenly circuit). Donnie is a splendidly trained animal with almost human intelligence. In this he is the screen's only rival of Jack Harvey's Tianhouser dog Shep.

Donnie, too, is one of the youngest of all film players. He is but two years old. Even if he is only an animal, Donnie is justified in feeling proud of his prowess reached within such tender years.
